

Gigantic RED EMPEROR

This famous Tulip is about the largest early flowering ever cultivated. The tremendous flower is carried on a strong stem, holding it firm and erect. The color is the most brilliant scarlet one can imagine, and of such an intensity that the effect is almost blinding. When half open the flower shows a deep red base with a yellow edge. It blooms with the early Daffodils and grows 12 inches tall.

# Daffodils - Narcissus

The loveliest flowers imaginable to awaken the garden to new life with their gay bright colors in the early days of spring. They do well in almost all soils and situations and are a permanent addition to the garden.

#### DAFFODILS, Giant Trumpet

The bold, Giant Trumpet Daffodils enjoy the greatest popularity. They make a superb picture when planted in groups by themselves or when combined with Blue Grape Hyacinths or other early-flowering bulbs.

## DAFFODILS-NARCISSUS for Naturalizing

Is there a sight more welcome than the yellow and white Daffodils and Narcissus brightening the awakening garden? Scatter them throughout the garden, under trees, on slopes, in fields and wherever they can be left alone to increase from year to year. We have selected those varieties which are hardy and multiply freely.

More than any other flowers, Tulips symbolize the return of life to the seemingly dead earth. The spell of winter is suddenly and miraculously broken by these radiantly beautiful flowers, which make such glorious pictures to celebrate the beginning of a new garden season.

The varieties we list here are the very best and most stately Darwins now being produced, and we are certain you will be pleased with them. They ask for so little attention that every home should have a colorful

CARRY OVER..... \$

# Prepared DUTCH AMARYLLIS

A selected Dutch strain unsurpassed in beauty! The flower buds emerge shortly after potting and burst into gigantic, glorious blooms opening 8 inches across! Up to four flowers are carried per stem. Bulbs arrive from Holland the end of October.

	Ea	ch	3		
Exhibition RED. Enormous flowers, opening wide. Beautifully formed	\$3	75	\$10	00	
Exhibition ORANGE. An even tone of soft orange throughout		75	10	00	
Exhibition WHITE. Glistening, immaculate		00	10	70	

#### COLLECTION X

3 Prepared Amaryllis in 3 colors \$9.75

The cut-through Amaryllis bulb shows a fully formed flower bud inside the bulb on October 16. Due to the special treatment of the bulbs in Holland, the advanced flower bud will burst into bloom around the holidays.

#### CLIVIA Year-round House Plant

Fully developed plants with many leaves 2 feet long, arching gracefully, make the plant attractive and decorative all year round. A giant cluster of orange-red flowers rises from the center of the plant in late January or February. This house plant can stand considerable neglect. Shipment in November.

Each \$4.25 3 for \$11.50

#### LYCORIS

#### Magic Lily of the Orient

Known as the "Hardy Amaryllis," it produces daffodil-like foliage in the spring. This dies down in early summer and, as if by magic, a flower spike suddenly appears in August. Flowers are delightfully fragrant and are carried on 2 to 3-foot stems.
